

HB 572 -- Child-care Workers

Sponsor: Schupp

This bill revises the definition of "child-care worker" as it relates to the Family Care Safety Act as any person who owns, operates as, or is employed by a child-care provider or receives state or federal funds as remuneration for child-care services.

All child-care workers are required to submit to fingerprinting for comparison to the records maintained by the Federal Bureau of Investigation.

The bill becomes effective January 1, 2014.
